Okinawa Rainbow Hotel

Water Activation System installed!

Here at Rainbow hotel, we have installed water activation system in September 11th 2001.

Water is activated!

Increased moisture and permeability. Your body metabolism will rise quickly and your skin will be in great condition. Bath tubs, sinks, bathroom

odor and toilet bowl is cleaner. Allergy, eczema Gentle for eczema, allergic and sensitive skin.

And....

When used for foods, preserves food freshness and improves food quality as well as taste. Coffee, tea, whisky will taste better. At our hotel, all water is activated. (社団法人 Japan Water Works association approved, meets Food Sanitation Law and Health and Welfare Ministry Notification 370)
